Beloved Prof Liebenberg,

Your communication with Congregation Beit El Gibbor, dated 12/05/2014 refers, and we thank you for your invitation to associate with your organization. Yes, we do have the same vision towards the people of Israel, as well as the fact that our vision for South Africa aligns with the Word of אֱלֹהִים as our only guide, for achieving this.

It would be a privilege to accept the invitation, as offered, and form part of an organization that would enable us, as a team, to reach the lost tribes, to re-unite the people of אֱלֹהִים and prepare them for the revelation of His un-changed Word, in all they strive to complete for Him.

We look forward to working with you and your team to achieve what אֱלֹהִים has called us to do.

Yours in His service,

חיים בן ציון
